

## Individual Assistance Program

When a state, territorial, or tribal government (STTL) determines an incident exceeds their capability to respond, the Governor or Tribal Chief Executive may request a declaration from the President through FEMA. The President may provide federal assistance when the magnitude or threat of an incident exceeds the affected state, territorial, tribal, or local government's capability to respond or recover. For FEMA to provide supplemental federal assistance, the President must declare that an emergency or major disaster exists.

The Individual Assistance mission ensures disaster survivors have timely access to a full range of authorized programs and services to maximize recovery through partnered coordination of STTL governments, as well as other federal agencies, non-governmental organizations and the private sector.

### Individual Assistance Programs

FEMA assists individuals and households through the coordination and delivery of Individual Assistance programs including:

- **Mass Care and Emergency Assistance (MC/EA):** Mass Care is composed of seven services known as activities: sheltering; feeding; distribution of emergency supplies; support for individuals with disabilities and others with access and functional needs; reunification services for adults and children; support for household pets, service, and assistance animals; and mass evacuate support. In addition to the seven aforementioned activities, MC/EA also supports the National Mass Care Exercise (NMCE) training program and offers partnerships through the following programs: Blue Roof Program and Transitional Sheltering Assistance (TSA).
- **Crisis Counseling Assistance and Training Program (CCPT):** CCP provides eligible STTLs governments, and non-governmental organizations with supplemental funding to assist disaster-impacted individuals and communities in recovering from the major disasters through the provision of community-based outreach and psycho-educational services. The goal is to aid survivors in recovering from the adverse reactions to disasters and to begin to rebuild their lives.
- **Disaster Unemployment Assistance (DUA):** DUA provides unemployment benefits and re-employment assistance services to eligible survivors affected by a Presidentially-declared major disaster. These services are under the responsibility of the U.S. Department of Labor and administered by the state, territorial, tribal, and local government emergency management officials of the affected area(s). DUA is only available to those eligible survivors who are not eligible for regular state unemployment insurance (UI).
- **Disaster Legal Services (DLS):** DLS provides legal aid to survivors affected by a Presidentially-declared major disaster through an agreement with the Young Lawyers Division (YLD) of the American Bar Association. DLS is put into effect during Presidentially-declared disasters and is available to survivors who qualify as low-income.
